Programs must comply with all federal laws pertaining to elections and voter registration activities. The recently reauthorized Head Start Act signed into law in December 2007. The Act's specific provision allows nonpartisan organizations, such as California League of Women Voters (CALWV), to use Head Start facilities during hours of operation. *To contact a local chapter of the League of Women Voters visit: <http://ca.lwv.org/> or call Toll free: (888) 870-VOTE (8683) for assistance with an onsite voter registration drive.*
