

February 1, 2007

The Honorable \_\_\_\_\_  
United States House of Representatives  
Washington DC, 20515

Dear Representative \_\_\_\_\_:

Regarding: An increase in federal funding so that all children eligible to participate in Head Start Programs can be served.

My children go to school at a Head Start program in California. I feel that an increase in federal funding for Head Start is necessary in 2007. I think every child who qualifies should be able to benefit from the programs that Head Start offers. The 2007 Congress needs to get its priorities straight and make a significant investment in programs like Head Start to make sure that they can educate as many children as possible.

Sincerely, \_\_\_\_\_
